

Citation X

The Cessna Citation X business jet is the ultimate in class. This is the flagship of our organisation and stands out from any other business jet to date.

This is for the exclusive and is an experience that few get to enjoy.

The Citation X is powered by 2× Rolls-Royce AE3007C1 Turbofan's. She has an impressive cruise speed of 525 knots (972 km/hr) and has a maximum range of 5,686 km.

Citation X

The Citation X is the fastest civilian aircraft in the sky, cruising just shy of the sound barrier at Mach .92. To date, Citation X's have flown the equivalent of four trips to the sun and have taken off and landed approximately 1 million times.

This 8-passenger cabin has double-club seating and a right hand forward refreshment centre. A centerline closet will handle multiple bags and coats, while the aft lavatory provides both privacy and numerous storage compartments. A pressurized, heated baggage compartment is located in the tailcone.
