

Cessna Citation Mustang

The Cessna Citation Mustang is an entirely new business jet. This is the ideal small business jet for those executives wanting an expeditious trip to his or her destination. This luxury jet will accommodate 4 executives very comfortably.

At just under 340 knots (630 km/hr), the Mustang is an ideal balance of Citation good looks, performance and efficiency. It's pure-jet performance will enable you reach any destination within 2,130 km.

Cessna Citation Mustang

With its more-than-ample storage area, advanced engine controls and sleek aerodynamic design, the Mustang is sure to meet your business travel requirements.

With its six large oval windows and club seating, the Mustang cabin feels wide open - the way flight should feel. There's a high-end, hand-crafted luxury sedan sensation about the space.

But unlike an automobile interior, this one comes with dropped aisle, executive tables, refreshment storage, all-leather seats, plush wool carpeting, and toilet, plus a long list of other welcome features.
