

# Learjet 45

The Learjet 45 business jet is the epitome of luxury.

By combining comfort safety and performance this 8 seater business jet will adequately meet the needs of any discerning business traveller.

The Learjet 45 is powered by 2× Honeywell TFE731-20 turbofans. It has a cruise speed of 434 knots (804 km/hr) and has a maximum range of 3,167 km's.

# Learjet 45

Our Learjet 45 boasts the latest in comfort with 8 all-leather chairs consisting of custom executive desks and tables.

A crew of two will ensure a safe and timeous trip to your destination.

The Learjet 45 aircraft can fly you to your destination faster than most other jets in their class.

This ensures an efficient and convenient method of reaching your business destinations.
